SUCCESS STORIES

I recently had the pleasure of working with Charlie during the purchase of my flat, and I must say that my experience was nothing short of exceptional. From start to finish, Charlie's professionalism, dedication, and problem-solving skills truly stood out.

Throughout the entire process, Charlie demonstrated a remarkable ability to act as a bridge between my solicitor and the vendors. His excellent communication skills and attention to detail made an enormous difference.

What truly impressed me was Charlie's availability. He was always just a phone call away, ready to provide updates, answer questions, or offer guidance. This level of accessibility and responsiveness made me feel valued as a client and gave me the confidence that I was in capable hands.

I want to extend my heartfelt gratitude to Charlie for his unwavering commitment to making my home-buying journey a pleasant one. His dedication, professionalism, problem-solving skills, and accessibility are qualities that any client would appreciate in an estate agent.

In conclusion, I cannot recommend Charlie highly enough. If you're seeking a seamless and stress-free real estate experience with a true professional who genuinely cares about your needs, Charlie is the person you want by your side.

Thank you once again, Charlie, for exceeding my expectations and making this journey truly memorable.

Would highly recommend Fisher and Partners as a great property agent the service was excellent. Both Simon and Charlie managed to sell my mothers house within 3 weeks of marketing. Thanks again to you both for an amazing job..

We have just moved into our new home and the Estate Agents for the Vendors were Fisher & Partners Ltd. In a nutshell, they were very friendly, attentive and gave excellent service. Also, always there at the end of the phone or email if required.

Excellent service from Fisher and Partners , the team secured an offer in excess of the guide price for a House we were selling , they were extremely professional in their approach and completion of the house sale.

WHAT'S YOUR STORY?

Let me have a go at this....

You currently work for an established Estate Agent but feel over worked and under paid.

You have spent a lot of your recent time thinking about starting up on your own as you know your area and how good you are as a property agent in your local region.

Each day is taken up with managing calls, KPIs and staff which is stopping you doing what you do best.

The truth is, you are worried about making the leap into the self-employed world. Family, mortgage or rent obligations, as well as other finances all play a part in this mindset.

The list goes on.... but don't worry - you have taken your first step on the freedom ladder and, trust me, you won't look back.

“Your time is limited, so don't waste it living someone else's life.”

Most importantly, you must have the desire to make money and be the top real estate business in your region.

OUR OFFERING

We believe that in order to maintain a successful business, it is important to work with a limited number of clients at a time. This enables you to provide each client with the best possible service within the industry.

So, what are F&P offering? Simply put; the foundation to run your own successful business, in your own time and on your own terms.

With new times comes change. Having a work life balance and being rewarded with no limitation is what Fisher and Partners can offer you.

“If you want to support others, you have to stay upright yourself.”

BEHIND THE SCENES

On becoming an F&P partner, you will have access to our support hub.

Back in the engine room will be a team supporting you with marketing, operations, administration, and cover for when you want to take a holiday.

We'll work with you on a marketing budget and welcome you to discuss and share ideas for strategies you'd like to implement within your local region.

Our team connects monthly for internal training and update meetings. You will have 24-hour support via WhatsApp and email, as well as access to the latest tech in the industry.

MARKETING

We believe that to attract the best homes in our regions, we must offer the best marketing.

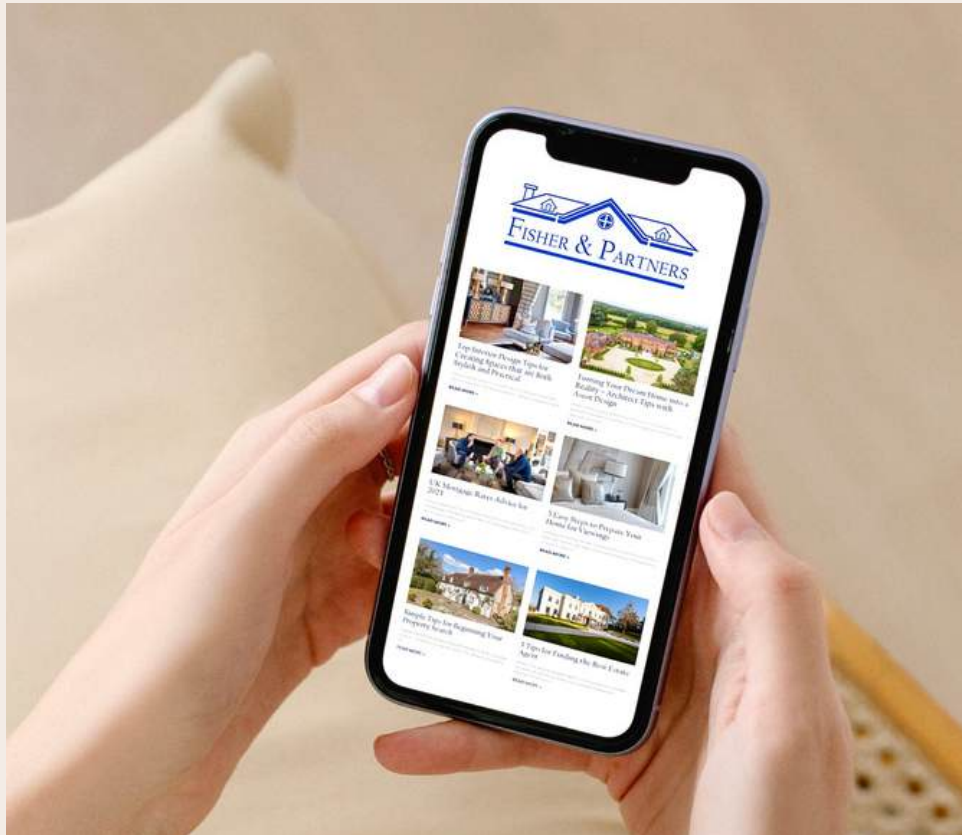

We have full in-house professional photography and drone services, as well as a marketing team who will design and print all marketing flyers (if this is for you) and will handle flyer distribution.

We are active across all major social media channels on a daily basis, but we will require your time and input when promoting you and your individual business.

“The best way to predict the future is to create it.”

TECHNOLOGY

We believe in tech!

At F&P, all partners have access to the latest technology.

We have the most powerful CRM available in the current marketplace. Not only will this help you and your clients with market appraisals, but by utilising cutting edge AI features, it will work on potential clients behind the scenes, 365 days a year, so that your client pool is always full.

“A mind is like a parachute. It doesn't work if it is not open.”

SO WHAT?

When starting your own limited company and becoming an F&P Partner, all you actually need is the belief in yourself... oh and a laptop and smartphone.

We will take care of everything else. Our model is designed to leave you with minimal financial risk whilst giving you the ability to take home 70% of your fee.

There will be a charge back of 30% for the support hub upon each completion.

“As long as you’re going to be thinking anyway, think big.”

THE PATCH

We understand this is the important part, so we are open to review the areas that you wish to cover.

However, please be mindful not to spread yourself too thin whereby you can't deliver the desired service to your valued clients.

We are all family at F&P, so don't worry about any client cross overs in other partner regions. In this instance, any commissions will be subject to a 50/50 split.

"The land is the only thing in the world worth working for, worth fighting for, worth dying for, because it's the only thing that lasts".

CASE STUDIES

“With over two decades of experience in the property industry, primarily as an interior designer, I've worked across various sectors. I've assisted families in crafting practical and impressive homes, aided investors in sourcing profitable properties, and collaborated with developers to showcase and sell new developments.

Despite numerous offers, I never considered working for another agency until I met Charlie and Simon. Fisher and Partners offered a unique opportunity to blend my passion for property with the freedom to develop my own business.

Unlike the corporate cookie-cutter approach, we provide bespoke, professional, and refreshing services, empowering partners to run their areas independently.

Our commitment to personalized service mirrors my experience with interior design clients who appreciated being treated like the only client. Though I'm relatively new to the team, I'm enthusiastic about the journey ahead.”

Lisa Nott, Managing Partner, Winkfield Region

“With 20 years in the property industry, my journey led me through the ranks at Hamptons in Maidenhead. I enjoyed my time there but yearned for a new challenge.

During this period, I crossed paths with Charlie and Simon, the founders of Fisher & Partners, a premium agency. Their unique business model and innovative approach resonated with me.

I joined as a Managing Partner, covering the familiar territory of Maidenhead and its surroundings.

Under the F&P brand, I found a perfect structure and lifestyle for my family and clients. As a 43-year-old husband and father of three, I have the freedom to run my business daily with the support of Fisher & Partners. This unique model allows me to work with a limited number of clients, providing the highest levels of bespoke service.

This new chapter in my career has been immensely fulfilling, and I wholeheartedly recommend this opportunity.”
